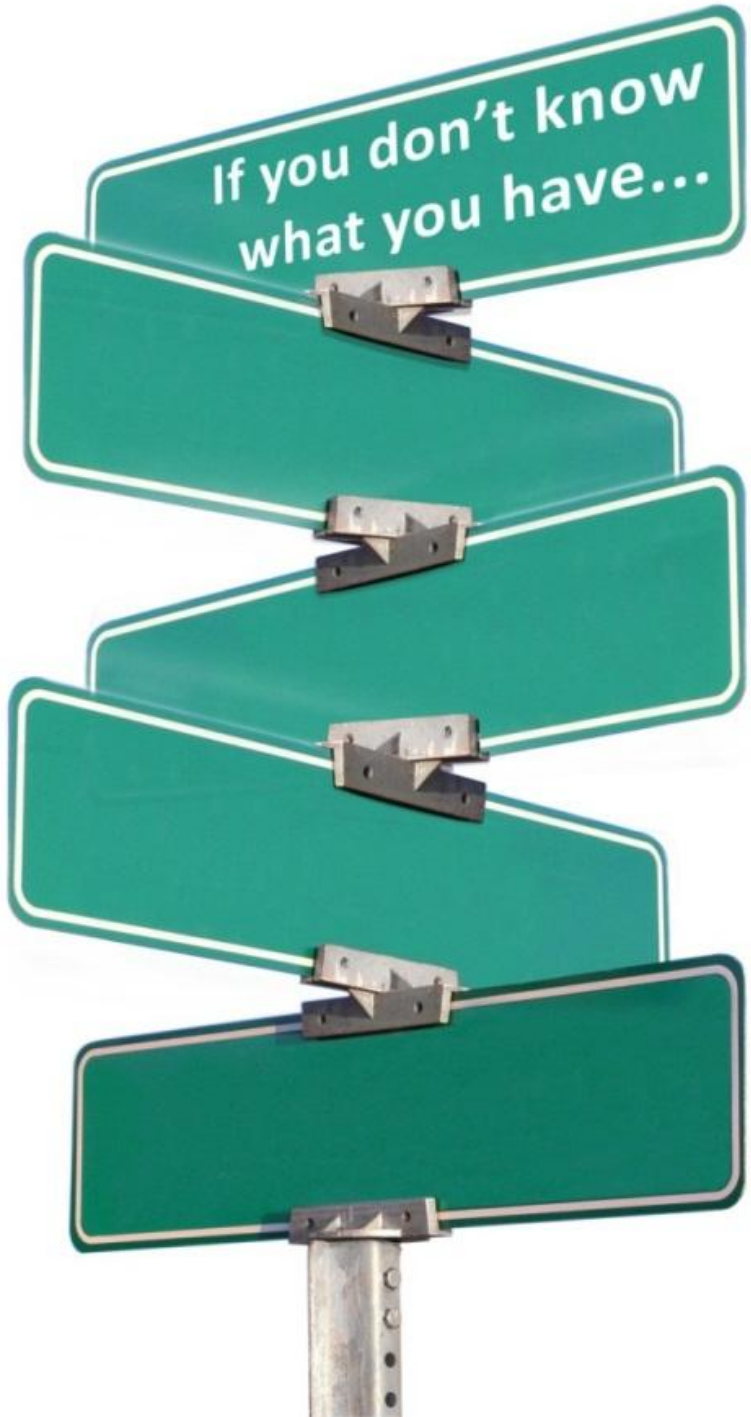
Warehouse Manager X3

Advanced WMS for Sage X3

Melvin Fletcher

WHAT IS WAREHOUSE MANAGEMENT?



Datalinx
COMPUTER SYSTEMS

But Sage X3 has Mobile Automation

THE SAGE / DATALINX PRODUCT OFFERING

Business process functionality

Datalinx WHM X3 Core

Sage X3 Mobile Automation

Tier 1 WMS

Datalinx COMPUTER SYSTEMS

How do we expand the capability ?

DATALINX WHM X3

Datalinx achieve this in a number ways:

- Liberating the functionality in native Sage X3, empowering warehouse users.
- Providing an extensive set of warehouse management-based business process flows.
- Respecting the configurations of Sage X3, never taking data outside of Sage.

Inixion Document Management Module
in conjunction with…..

indle
ocument Distribution

01 **Flexible and fully customisable** based on criteria, different workflows based on business unit, document type or any other data.

02 **Correct delivery method** for each document per customer, whether that's send by email, print, archive or all three.

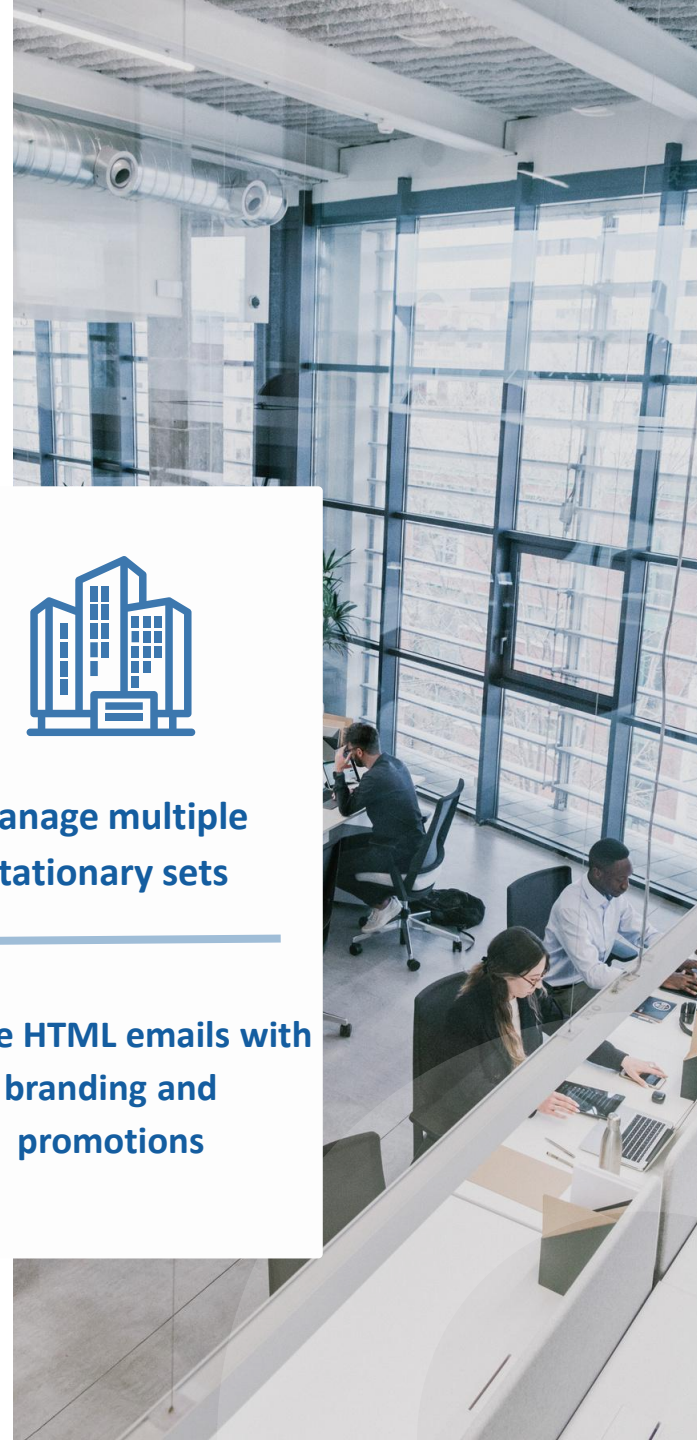
03 **Send to multiple contacts** even if the email addresses are not in the ERP.

04 **Add attachments**, this could be anything from invoices to statement emails or T&C's on the last page, the options are endless.

05 **Archive documents** to SharePoint, folder locations, PayThem.

06 **Sales people?** Why not allow Spindle to send copies of invoices or overdue statements

Popular Document Distribution scenarios



Email sales invoices from sales@..

Email purchase orders from purchasing@....

Send copies of Invoices to sales executives

Send copies of overdue statements to Account Managers

Auto attach documents to emails

Signed dispatch notes	→	Invoices
Proof of delivery	→	Invoices
Certificate of conformity	→	Dispatch note
Photo of finished work	→	Invoices
Invoices	→	Statement

Manage multiple stationary sets

Create HTML emails with branding and promotions

Credit Hound

Did you know....

52%

Invoices in the UK paid late

11%

Outstanding payments are over 200 days old

1 in 5

Insolvencies are attributed to late payments

www.draycir.com

Challenges with late payments

Lack of cashflow

Get paid slowly

Bad debt

Manual processes

Why Credit Hound

Reduced Outstanding debt

Chase all debts, no matter how overdue they are.

Better cashflow

By being turning credit control from a reactive to a pro-active process, we can collect more payments quicker!

Save time

Automate some of the most manual processes, ensuring we spend less time on chasing!

Quick return on investment

Reduce the amount of money owed to your organisaiton and spend less time doing it.

Credit Hound

Automatic email reminders

Instantly chase all accounts and invoices at the point they need a reminder.

Automated task management

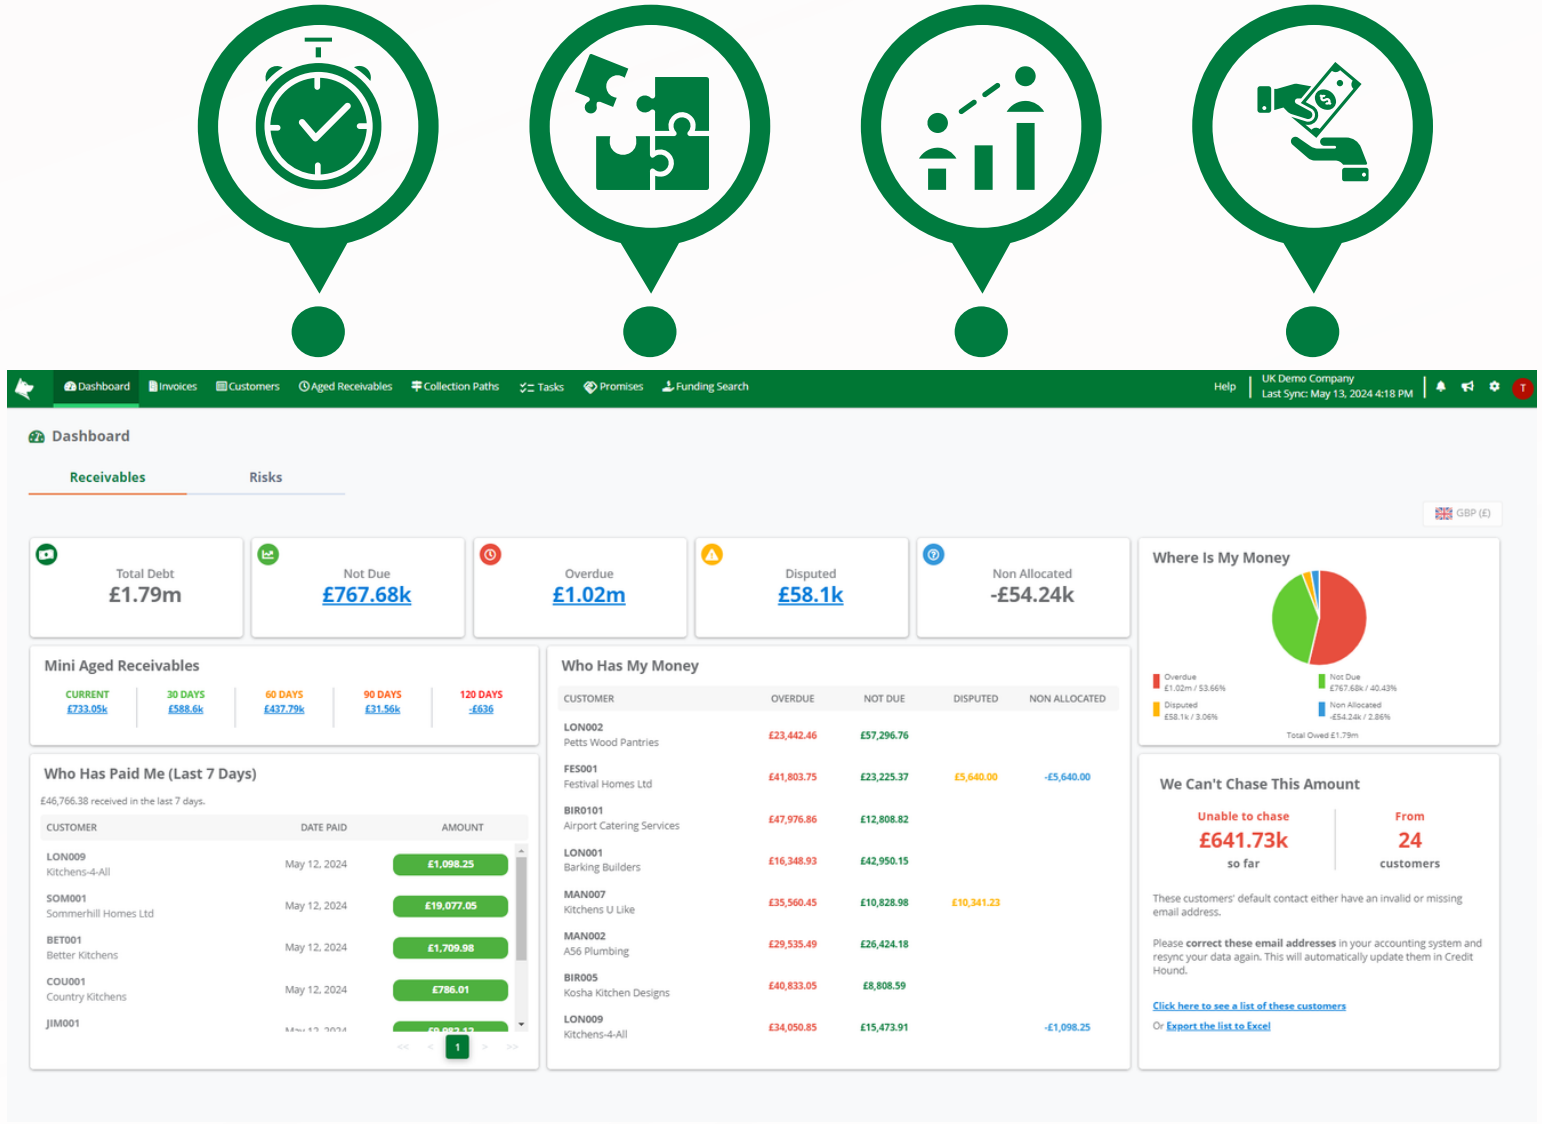
Automatically create call back reminders for the customers you need to speak with.

Pro-active chasing

Chase all accounts and invoices whether they are severely overdue, just reached their due date, or not even due yet.

Instant payment links

Create instant payment links on all Credit Hound chase emails, allowing customers to make payment via card or open banking.



What our customers say..

£196,000

Reduction in monies owed in 6 months

6-12 Hours saved per week

Credit Control admin reduced to 5 min a day

£10,444

Collected within one week of using Credit Hound
